For the promotions of the generals, the competence lay within the President of the Republic. The functions of the VRS officers, including General TALIC, were to act on behalf of the Republika Srpska, not on behalf of FRY. The document shows General TALIC was subordinated to the political leadership of the Republika Srpska and was acting on its behalf. The fact that RS President as the Supreme Commander of the armed forces was issuing such decisions establishes that the RS President was the head of an independent political state that controlled its own political and military organs.</p>

Page 170, 171 of OTP 65ter 7859, Partially admitted as P1886 05004D	Decree on termination of professional service for TALIC, Momir	The military service of General TALIC was terminated by the Decree of the President of the RS pursuant to Law on the Army of the RS. It is probative in establishing an objective plausible alternative explanation the OTP contention that he was a subordinate of and under the effective control of General Perisic during the indictment period. (See indictment paragraph 7).
Page 166 of OTP 65ter 7859, Partially admitted as P1886 05005D	Military Post 7572, no. 03-2-6-92, Decision of termination of professional service for TALIC, Momir.	The competent organ to implement a previous RS Presidential Decree on termination of professional service for General TALIC was Military Post in Banja Luka that issued a Decision on General TALIC being relieved of professional military service in 2002. The Military Post Banja Luka applied Law on the VRS to establish that conditions for his retirement have been met. Furthermore, it was the Supreme Court of RS in Banja Luka that was competent to solve potential lawsuit regarding this termination of service. The document shows an existence of separate, independent military structure, functioning pursuant to its own rules and regulations. Contrary to paragraphs 6 a, 7, 35 and Schedule E of the allegations in the indictment

		a vital role in opposing various Muslim offensives. The VRS chain of command which General MILOSEVIC was part of was a distinctive and separated from VJ command chain. This document objectively shows that Dragomir Milosevic performed his duties for the benefit of the Republic of Srpska in his capacity as an officer in the VRS.
01408.3D	Military Post 7572-6, no. 09-3184-2, Certificate re MILOSEVIC, Dragomir	This certificate confirms that General Dragomir MILOSEVIC was serving at Military Post 7598 Sarajevo which is a Military Post of VRS
01408.4D	Report on taking up duty, 04.02.1993. - MILOSEVIC, Dragomir	This is a February 1993 Report on Dragomir MILSOEVIC taking up a duty at Department for operations and training within the Drina Corps of the VRS. He took this duty on the Order 01-21-13/93 of the Minister of Defence of RS. As his superior officer, Colonel Milenko ZIVANOVIC, a Drina Corps' commander signed at the bottom as officer in charge. This shows that when taking up his duty in Drina Corps, Dragomir MILOSEVIC was under Drina Corps command, forming a part of the VRS chain of command. It shows Dragomir MILOSEVIC followed the orders issued to him by his superiors within the chain of command of the VRS.
01408.5D	MILOSEVIC, Dragomir, Statement, 1 Jan 2005	This statement signed by Dragomir MILOSEVIC objectively confirms his engagement in VRS combat operations from 1992, first as Chief of Section for operations and training in the Drina Corps and later on as the Commander of the SRK. It confirms General Milosevic's understanding that he was serving within the chain of command of the VRS. The functions of the VRS officers, including General MILOSEVIC, were to act on behalf of the Republika Srpska, not on behalf of FRY.
01408.6D	RS President Decree of 10 July 1993, re MILOSEVIC Dragomir	This Decree on assignment of Dragomir MILOSEVIC on the post of Chief of Staff to Sarajevo-Romanija Corps by the President of Republic of Srpska in July 1993 shows that

		<p>Dragomir Milosevic was serving within the VRS pursuant to the orders and decrees issued by his superior officers in the VRS chain of command. By this decree the President of Republic, Dr. Radovan Karadzic exercised his authority pursuant to the RS Constitution and its Laws to appoint to different posts and formations officers serving within the VRS chain of command. It is probative in establishing an objective plausible alternative explanation contrary the OTP contention that he was a subordinate of and under the effective control of General Perisic during the indictment period. The assignment order also specified that until that date Milosevic held a post of Commander of the 1st Romanija Infantry Brigade within SRK of the VRS. By issuing this Order the RS Defence Minister exercised his authority entrusted by the Law on the Army of Republika Srpska. The superior officer, Manojlo Milovanovic is deriving his authority to issue such order from the Law on the VRS. This document objectively shows the distinctive nature of VRS as its own separate functioning army contrary to the OTP assertions.</p>

The Indictment alleges that VJ continued to remunerate these officers. This document is probative as it shows the Order to pay the salary to Blagojevic Vidoje was issued by FRY MOD not the VJ. It therefore, objectively and factually establishes that the OTP assertion in this regard is open to alternative reasonable interpretations. The Defence asserts that officers who were remunerated by FRY received their orders from the Republika Srpska or the VRS, not from the FRY VJ.</p>

In order to determine the formal powers and duties exercised by RS political and military superiors this document contributes to an analysis of the formal procedures for appointment of alleged subordinates (Schedule E of the Indictment) to military office(s) through RS national legislation and VRS/RS appointment orders. This Decree on assignment of Novica SIMIC on the post of Commander of the Eastern Bosnia Corps Chief by the President of Republic of Srpska in August 1992 shows that he was serving within the VRS pursuant to the orders and decrees issued by his superior officers in the VRS chain of command. By this decree the President of Republic, Dr. Radovan Karadzic exercised his authority pursuant to the RS Constitution and its Law on the Army of RS to transfer and appoint to different posts and formations officers serving within the VRS chain of command. The functions of the VRS officers, including Novica SIMIC, were to act on behalf of the Republika Srpska, an independent political state that controlled its own political and military organs not on behalf of FRY. The document shows he was subordinated to the political leadership of the Republika Srpska and was acting on its behalf.

In this case, the competence lay within the Minister of Defence of the Serbian Republic of BiH. The functions of the VRS officers, including Novica SIMIC, were to fulfill his duties on behalf of the Republika Srpska, not on behalf of FRY. The document shows Novica SIMIC at the

00288D	Novica SIMIC Reasoning for proposal for the promotion 22.07.1992.	This document concerns the process of promotions. Novica SIMIC's direct superior in the chain of command is reasoning the proposal for his promotion. In order to assess the performance of one duty, the commander needs to have a good insight into the subordinate fulfillment of duties. The superior officer, in this case the signed General Momir TALIC is exercising his duty of a superior to propose one of his subordinate for a promotion.

Page 12 of OTP 65ter 7312 05016D	RS President Decree no. 01-188-93 on extraordinary promotion - ZIVANOVIC Milenko, issued on 26 July 1993	The RS Presidential Decrees on extraordinary promotions were issued pursuant to Law on the VRS and Decree of President of Republic of Srpska on promotions of officers and non-commissioned officers. The President of the Republic is therefore exercising his powers entrusted in him by RS national legislation. This decree shows that promotion of officers within the VRS was a process independent of the VJ and of FRY. It is probative of further objective evidence that the VRS operated under the authority of the President of the Republic of Srpska pursuant to legislation passed by the RS assembly.

Page 8, OTP 65ter 7863-P1896 05020D	Assessment for OBRENOVIC, Dragan	This document is relevant to show that the VRS was an independent functioning army. His performance was assessed by his superior officer, Commander Svetozar ANDRIC. This assessment shows that his superior officer concluded that OBRENOVIC pays special attention to his authority (ANDRIC's). OBRENOVIC's unit during the time he served in it won the second place as VRS unit in the rank of regiment brigade. His superior also praises his talents for cooperation with municipal economic and political structures which enabled him to perform his duties successfully. It is obvious that OBRENOVIC Dragan was a part of the VRS chain of command which functioned distinctively and separately from the VJ command chain. OBRENOVIC performed his duties for the benefit of the VRS and RS.

Both of the named Colonels continued to conduct their duty pursuant to Law on the Army of RS following the orders and decisions issued by their superior officers in the VRS. The functions of the VRS officers, including Colonel LIZDEK and Colonel ANDRIC, were to act on behalf of the Republika Srpska, not on behalf of FRY. The document objectively shows the two named Colonels remained within the VRS structure, subordinated to the political leadership of the Republika Srpska and acting on its behalf.

He stated in this request that he had joined the VRS on 12 May 1992 and was assigned to the MS VRS (MP Sarajevo). It objectively establishes that the tasks and duties performed in the time of combat activities, were performed for the benefit of RS, and not of FRY. 00599D	RSK Presidential Decree on early promotion of Borislav DJUKIC No. 03-3-7/92 16.07.92.	The RSK Presidential Decrees on early promotion was issued pursuant to Law on Defence of RSK. The President of the RSK is therefore exercising his powers entrusted in him by RSK national legislation. This decree shows that promotion of officers within the SVK was a process independent of the VJ and of FRY. No organ within the FRY had to be consulted to issue such a Decree. This Decree was published in the Military Gazette of RSK. The decree states this promotion is to be effective within two days of issuance. It is probative of further evidence that the SVK operated under the authority of the President of the RSK pursuant to their respective laws. It contradicts the OTP contention that promotion of officers was under the effective control of General Perisic during the indictment period.

OTP 65ter 4646 05044D	RS President Decree no. 01-1573-94 re GALIC, Stanislav	This Decree on extra-ordinary promotion of General GALIC shows that officers administered via 30 th PC but serving within VRS were promoted in accordance with Law on the VRS and RS Decree on appointment and promotion of officers and non-commissioned officers serving within the VRS. Such officers were promoted by their superior officer in the VRS military chain of command. For the promotions of the generals, the competence lay within the President of the Republic. The functions of the VRS officers, including General GALIC, were to act on behalf of the Republika Srpska, not on behalf of FRY. The document shows General GALIC was subordinated to the political leadership of the Republika Srpska and was acting on its behalf.. The fact that RS President as the Supreme Commander of the armed forces was issuing such decisions establishes that the RS President was the head of an independent political state that controlled it own political and military organs.

This is contrary to Schedule E of the Indictment’s claim that he was retired by the 30 th PC in March 1997. The document objectively establishes that Bosko KELECEVIC was a member of VRS serving within VRS even after the end of the conflict, also contrary to what OTP claims in Para 17 of the Indictment.

This Decree shows that General Zivomir NINKOVIC remained to serve within the VRS after the Dayton Peace Accord was signed. He continued to conduct his duty pursuant to Law on the Army of RS following the orders and decisions issued by his superior officers in the VRS. The functions of the VRS officers, including General NINKOVIC, were to act on behalf of the Republika Srpska, not on behalf of FRY. The document objectively shows General NINKOVIC status was regulated according the law of army of RS. This is probative in establishing in objectively contradicting the OTP contention that General Perisic retained his authority to make final determinations regarding promotions.
00122D	RS Presidential Decree No. 03-52/97 date 09.01.1997. Boric Grujo relieved of his duties and placed at the disposal of the VJ	This document shows that it was within the competence of the President of RS to relieve an officer from a duty and place him at the disposal of the VJ. The authority was entrusted to the President within the Law on the VRS. The mere one-sided act of RS President to place an officer at the disposal of the VJ did not in itself constitute officer's transfer to the VJ. There is no evidence that General Grujo Boric was assigned to any duty within a VJ.

The rank of the major-general has been given to him by RS Presidential decree 01-189/93 dated 26.07.1993 on exceptional promotion (see above). This document shows that after the officers were promoted by VRS respective superior officers, they assumed their duties and responsibilities carrying the newly assigned rank, and were accordingly addressed by the new rank among other officers. The VRS MS Commander is therefore exercising his powers entrusted in him by RS national legislation. 4940	Order by RS Minister of Defence regarding appointment of Radislav KRSTIC as the Chief of Staff in Drina Corps	Assignment order issued by Minister of Defence of RS on 8 August 1994 on the post of Chief of Staff in Drina Corps Command Staff. The assignment order also specified that until that date KRSTIC held a post of Commander of the 2nd Romania Motorized Brigade within Drina Corps of the VRS. By issuing this Order the RS Defence Minister exercised his authority entrusted by the Law on the Army of Republika Srpska. This document illustrates the independent structure put in place in RS, its functioning being autonomous. The chain of command was distinct and independent of that existing within the VJ. Radislav KRSTIC followed the orders of his superior officers within the VRS military chain of command.
